

Distance Education Enrollment by Age Range – The University of Maine System

The following tables display enrollment data of students that took distance education courses at the University of Maine System over the past three academic years. The data has been segregated by each campus and is broken out by semester to show the headcount and average credit hours of students by academic level by age range.

IMPORTANT NOTE: Since students may take distance education courses at multiple campuses during the same semester, headcount is duplicated.

DATE SOURCE: PeopleSoft Database, The University of Maine System, June 7, 2012.
