

Distance Education Metrics by Campus – The University of Maine System

The following tables display enrollment data of students that took distance education courses at the University of Maine System over the past three academic years. The data has been segregated by each campus and is broken out by semester and student demographic information, such as degree status academic level, time-status, and residency.

IMPORTANT NOTE: Since students may take distance education courses at multiple campuses during the same semester, headcount is duplicated.

DATE SOURCE: PeopleSoft Database, The University of Maine System, June 7, 2012.

Student Headcount & Avg. Credit Hours in Distance Education Courses by Level (undergraduate vs. graduate) by Degree Status (degree vs. non-degree)

UM, Degree Student Headcount by Level
